Established 1864

Friday, July 8, 2005

Start/Finish: 107th & Longwood Drive

Adopt-a-Rider

On July 8, some of the world's most fit athletes will be zooming through our community, flying up and down the hill, sustaining speeds of 40 mph – **on bikes**. How much faster can they ride when they have their own cheering sections? Adopt-a-rider and find out!

The **Beverly Hills Cycling Classic Adopt-a-Rider** program raises the prize money these spectacular athletes are competing for. Individuals, families, blocks and businesses can pool their resources and fan the racing action! Your group will get information on your adopted rider before the race so you'll be ready to cheer, raise signs with your rider's name and number, or wave flags from your rider's country. Cheer loud and long! ***If your rider wins the race you win a prize pack that includes food and race related gifts.***

The Beverly Hills Cycling Classic attracts world class athletes by offering good prize money and plenty of primes (pronounced preems) — prizes awarded to riders who cross the finish line first in selected laps. Primes add to the thrill, creating a race within a race. ***Your support will help build up the competition and the thrill for this unique experience!***

Each \$100 donation will be recognized by an announcement over the PA system which is heard throughout the course. **All donations** go towards race prizes and not to your individual riders so every rider has the chance to benefit from your donation.

----- ADOPT-A-RIDER APPLICATION -----

Family/Block/Group Name: _____

Address: _____
